Christmas Eve [Create Your Own Story]

Choose from the words in brackets or come up with your own ideas to complete your very own Christmas story! Maybe you could illustrate it as well.

It was a chilly Christmas Eve and the children were sat _____ [*by the fire, next to the tree, watching a film*].

It was cold outside but _____ inside [*warm, cosy, calm*]

The children were feeling _____ about Santa arriving and were not feeling ready for bed [*excited, nervous, uncertain*]

Had they been good enough to get the toys they had written on their Christmas list?

“I know!” _____ one of the children [*said, exclaimed, whispered*]

“We should wait up for Santa and tell him about all our good deeds this year. Just to make sure he knows.” The other children nodded in agreement.

“I could tell him about _____” One child responded. [*how I washed the dishes, making my bed, tidying my toys*]

“Yes, and I could make sure he knows I _____” [*walked the dog, scrubbed the toilet, fetched the newspaper*]

“We really have been very good” they all agreed.

So the children devised a _____ plan. [*devious, crafty, clever*]

First they needed to make sure Santa thought they were asleep so he would still come down the chimney. They decided to _____ [*make a big pile of clothes under the duvet, yawn lots and do a big goodnight to their parents, hide under the bed with a torch*]

They all carefully followed the plan and waited many hours. It was difficult staying awake but they managed it. Thankfully they had a lot of _____ with them. [*sweets, chocolates, popcorn*]

It worked! Soon they heard the sound of _____ [*a booming ‘ho ho ho’, hooves on the roof, someone squeezing down the chimney*]

They all rushed downstairs and couldn’t believe their eyes!

Somehow, in a matter of moments Santa had come and gone! Left behind was _____ [*a giant pile of presents, snowy footprints, crumbs from the cookies the children had put out*].

The children rushed to their now full stockings, relieved they weren’t full of coal, and saw a special note. It said _____.

[*Nice try!, Merry Christmas!, I look forward to next year*]
